

CH-3084 Wabern, swisstopo

**To the user  
of the postal card  
"Geological Cross-section Across  
Switzerland"**

**Wabern, October, 27th 2016**

**User authorisation of the "Geological cross-section across Switzerland"**

The digital postcard "Geological Cross-section Across Switzerland" is downloadable from the swisstopo internet site:

<https://shop.swisstopo.admin.ch/en/products/maps/geology/HM>

This authorisation is valid under the following conditions:

- 1) The files are available in TIF format. Only private use of the data is permitted. The entire or partial use of these data for other purposes is not allowed. Partial or entire data delivery or delivery of derived products to a third party is forbidden.
- 2) The reproduction must display the following text in a suitable place:  
"Geological Cross-section Across Switzerland © swisstopo".
- 3) Control of reproduction quality is the user's responsibility.
- 4) The Swiss Geological Survey allows the reproduction of at most 50 copies of these data in printed or digital version. A justificatory copy of the extract with a written explanation of the purpose can be sent to the:  
Federal Office of Topography, swisstopo  
Swiss Geological Survey  
Seftigenstrasse 264  
P.O. Box  
3084 Wabern
- 5) This authorisation expires 6 months after the issue of the new data version.
- 6) The Swiss Geological Survey accepts no liability for all potential damage resulting from forbidden use, direct or indirect, of these data.

We thank you for your interest in our products.
